58M

Gigabit Internet is now available to nearly 58 million homes and businesses.

170K

Our network has nearly 170K miles of fiber - enough to wrap around the earth six times.

18x

Comcast has raised internet speeds 18 times over 18 years.

19M

Customers have access to nearly 19 million hotspots across the country.

about **75%**

of Xfinity residential customers receive speeds of 100 mbps or higher.

Comcast Business

Serves more than two million customers - from small businesses to Fortune 50 enterprises.

Provides multiple 10 gigabit speeds to power the most demanding businesses, including Levi's Stadium (49ers) and Sun Trust Park (Braves), among others.

xfinity xFi

Best In-Home Wi-Fi Experience

xfinity xFi platform allows users to connect, manage, and control their home network.

xFi Advanced Gateway can deliver 1 gigabit over WiFi in the home.

xFi Pods help customers extend wifi coverage to hard to reach areas of their home.
