

# The nation's largest provider of gigabit internet

Comcast announced in October 2018 that it is the nation's largest provider of gigabit broadband, with the ultra-fast Xfinity Gigabit Internet and Comcast Business Gigabit services now available to nearly all of the company's 58 million homes and businesses passed in 39 states and the District of Columbia.

## Top 12 Cities

- 1 Chicago
- 2 Philadelphia
- 3 San Francisco
- 4 Houston
- 5 Washington, D.C.
- 6 Boston
- 7 Atlanta
- 8 Detroit
- 9 Seattle
- 10 Miami
- 11 Denver
- 12 Sacramento

### 58M

Xfinity Gigabit Internet is now available to nearly 58 million homes and businesses in 39 states, plus Washington D.C.

### 170K

Our network has nearly 170K miles of fiber. That's enough to wrap around the earth six times.

### 17x

Comcast has raised internet speeds 17 times over 17 years.

### 19M

Customers also have access to nearly 19 million hotspots across the country.

### 75%

of Xfinity residential customers receive speeds of 100 mbps or higher, double what customers chose just 3 years ago.

## COMCAST BUSINESS

Serves more than 2 million customers – from small businesses to Fortune 50 enterprises.

Can provide multiple 10 gigabit speeds to power the most demanding businesses, including Levi's Stadium (49ers) and Sun Trust Park (Braves), among others.

## BEST IN-HOME WIFI EXPERIENCE

Xfinity xFi platform allows users to connect, manage, and control their home network.

xFi Advanced Gateway can deliver 1 gigabit over WiFi in the home.

xFi Pods help customers extend wifi coverage to hard to reach areas of their home.
