

Comcast's \$1 Billion Commitment to Advance Digital Equity and Build a Future of Unlimited Possibilities

We imagine a world where everyone has what they need to shape the future.

As that world becomes more digital, it's our responsibility to use media and technology to ensure that everyone has the resources and opportunities they need to participate and excel in today's economy.

Project UP is our comprehensive initiative to advance digital equity and help build a future of Unlimited Possibilities. Backed by a \$1 billion commitment to reach tens of millions of people, Project UP encompasses the programs and community partnerships across Comcast, NBCUniversal, and Sky that connect people to the Internet, advance economic mobility, and open doors for the next generation of innovators, entrepreneurs, storytellers, and creators.
